

THE EVENING BULLETIN.

VOLUME XXI.

MAYSVILLE, KY., WEDNESDAY, AUGUST 6, 1902.

NUMBER 218.

RELEASE OF COLLINS

Recalls Sensational Child-Stealing Case of Gerald Lapiner.

LOCATED NEAR PAINESVILLE, OHIO.

One of the Participants Was Transferred to the Soldiers' Home at Danville—History of the Crime.

Chicago, Aug. 6.—Interest in a sensational child-stealing case is revived by the release from Joliet penitentiary of John I. Collins on parole and his admittance to the soldiers' home at Danville. Collins was implicated with Mrs. Ann Ingersoll in the kidnapping of little Gerald Lapiner from his home in Chicago on Decoration Day, 1900.

The child was taken to Painesville, Ohio, and kept by the couple in a house about a mile from the town, where he was finally located after a long and sensational search. The kidnapers were sent to the penitentiary for indeterminate terms. Both remained up to a few days ago, when Collins was paroled. Mrs. Ingersoll is still detained at the institution.

It came out at the trial that Mrs. Ingersoll was demented. She had met Collins, who is 70 years old, in California, while he was an inmate of a soldiers' home. She persuaded him to leave California with her and it was while they were passing through Chicago on their way to Painesville that they met and kidnaped the Lapiner child.

After the child had been restored to its parents, Police Sergeant Broderick, believing that Collins had taken part in the case unwillingly, started a petition for the release of the old soldier. At first the parents remained obdurate to the plans, but remembering the acts of kindness Collins had shown toward Gerald they signed the petition for his release from the penitentiary.

Landing Place Secured.

San Francisco, Aug. 6.—S. S. Dickinson, superintendent of the Commercial Cable company in Nova Scotia, who has been in Hawaii for some time past, making arrangements for the landing of the company's proposed Pacific cable at that point, returned on the steamer Sierra. He states that the cable will land at Waikiki, on a strip of land purchased for \$5,000, a part of what is known as the San Souci property, where Robert Louis Stevenson lived during his sojourn in Hawaii. The territorial government has granted permission for an underground conduit from the landing place at Waikiki to the office of the company in Honolulu.

Price of Lime.

Chattanooga, Tenn., Aug. 6.—As a result of a late alleged combination between the lime kilns of the south in which it is said all the smaller concerns have been absorbed, the price of lime has been advanced from 16 to 22 cents per bushel. It is given out by the leading lime makers of this section that the advance is caused by the increase in the cost of machinery, wages and other expenses.

Results of Battle Unknown.

Washington, Aug. 6.—A cablegram received at the state department from Panama dated Aug. 5, conveys the information that there are revolutionary war vessels in the bay, where a fierce battle has been fought at Agua Dulce, and that the results of the battle are not yet known. The government, however, claims the victory. The Ranger is in the bay.

Fair Buildings Wrecked.

St. Louis, Aug. 6.—A heavy wind storm that swept over St. Louis wrecked two of the four towers of the varied industries building in course of erection on the World's fair site. The towers were 200 feet high. The damage is not yet estimated, but a representative of the exposition company said it would be several thousand dollars.

A Fatal Flash.

Harriman, Tenn., Aug. 6.—During an electrical storm accompanied by heavy rain, William North, a contractor, accompanied by five workmen, sought shelter in an unfinished building. Lightning struck the building, killing Charles Daniels and rendering the entire party unconscious. Two of them are not expected to recover.

Castro Seeks Battle.

Washington, Aug. 6.—Acting Secretary of State Ade received a cablegram from Minister Bowen at Caracas, stating President Castro left Caracas on the morning of the third inst. to fight the revolutionary forces who were in position near Orituco, 75 miles from Caracas.

SPANISH FRIARS.

Delegates of Catholic Societies Likely to Act on Subject.

Chicago, Aug. 6.—Delegates from more than 400 Catholic societies attended the opening session of the convention of the confederation of Catholic societies begun here. Solemn pontifical high mass was celebrated in the morning at the Cathedral of the Holy Name by Bishops Muldoon, Messmer and McFaul. At the beginning of the business session the visitors were welcomed by Lawrence E. McGann, representing Mayor Harrison. Much interest centered about the attitude the delegates might assume on the question of the Spanish friars in the Philippines. All the regular sessions of the convention will be executive, but an open meeting will be held at which officers say the question of politics and the church probably will come up. The convention will continue until Thursday.

Bishop Messmer, in his sermon at mass, made no allusions to the warning by Archbishop Ireland to the effect that the convention should take no action on the Spanish friar question. The burden of the bishop's address was one of conciliation. He said it was the duty of all true Catholics to work with heart and hand for the furtherance of Catholicity and that dissensions should never arise in the church.

Bishop Messmer, while pleading for 'unity in heart and mind' for all Catholics, at the same time told the laity not to fear in their attitude of Americanism. He said they should obey their superiors in the matter of religion, but that the pope had counseled straightforward progress in the path of their civic convictions.

Experimenting With Balloons.

Utica, N. Y., Aug. 6.—Major Ruber and a detachment of the signal service balloon corps under First Lieutenant Clifton and Sergeant Bledsoe, of Fort Myer, near Washington, are now stationed at Frankfort, in the interest of the government in supervising the construction of 11 captive hydrogen gas balloons being made for use in the naval demonstration to be made by Rear Admiral Higginson with the squadron off the Atlantic coast late in August. The first balloon has been practically completed and a successful test has been made by the government officials. Controlled by a kerosene oil motor the balloon windlass is said to have made flights of nearly a quarter of a mile in 30 to 40 seconds and then was slowed, checked and reversed and was brought to the ground in three or four minutes with two to four passengers each time, none of whom could immediately detect the stop or reversed movement. The wind was brisk and at times quite severe.

Riordan's Claim.

New York, Aug. 6.—Archbishop Riordan of Frisco, has arrived in this city accompanied by his legal adviser en route to The Hague. The archbishop will appear before the international court at The Hague, in the claim which he has brought against the republic of Mexico for the payment of the interest of California's Pius fund. The sum involved is nearly \$1,000,000, and the international court is to decide what part of the sum, if any, Mexico must pay over to the archbishop as interest on the fund, the history of which goes back to 1697. The archbishop will sail on the Celtic.

No Word About Deaths.

New York, Aug. 6.—William Ziegler, who is interested in the Baldwin-Ziegler expedition, says he has received an unsigned cablegram from Tromsø, Norway, reading: "Cheer up; awaiting Frithof. Beware of canards. Fearless." "Although there is no signature to the dispatch," Mr. Ziegler said, "it is unquestionably sent by Baldwin. The Frithof referred to is the steamship I sent out with the America as a sort of consort or transport to accompany the America, the vessel Baldwin was on. As for the 'mysterious deaths' on board the America, I have not received one word."

Valuable Necklace Lost.

London, Aug. 6.—Scotland Yard announces a reward of \$5,000 for the recovery of a necklace lost by or stolen from Mrs. C. A. Spreckels of San Francisco. The necklace which consists of a single string of magnificent pearls fastened with a ruby and diamond clasp was secured in Paris and is estimated to be worth \$20,000. Mrs. Spreckels, who is accompanied by Miss Spreckels, missed the jewels at the railroad station when on her way to take passage for America on the Kaiser Wilhelm der Grosse. She burst into tears on discovering her loss.

The vatican is said to regard the situation in France over the closing of unauthorized schools as serious.

A TRI-STATE STRIKE

Is Settled Satisfactorily During a Trial at Huntington, W. Va.

NONUNION MEN ARE DISCHARGED.

Troubles Between the Streetcar Employees and Officials in Kentucky, West Virginia and Ohio Are Adjusted.

Huntington, W. Va., Aug. 6.—The street car strike was adjusted satisfactorily to all at a conference between officials of the railway and representatives of the strikers. This refers to Kentucky, West Virginia and Ohio divisions.

The settlement of the street railway strike here came about during the trial of a number of men, non-unionists, who came here from Charlottesville, heavily armed to take the strikers' places. Two were arrested and during the progress of the trial the railway officials and the union officials withdrew to a private room at the city hall and after an hour's consultation all announced that the prisoners should be released, as a satisfactory agreement had been reached and the strike was practically at an end.

It is understood that the railway company recognizes the union and restores all discharged employees to their former places. The strikers as a whole have not yet voted on the agreement, but they will likely abide by the officials' action. A final meeting will be held during the afternoon. Meanwhile cars are being operated by non-unionists, but no violence has resulted.

One Man Shot.

Shenandoah, Pa., Aug. 6.—There were many rumors flying around the regions of trouble in the camp and various parts of the region. The only disturbance that occurred, however, was at Girardville, six miles from here, where a workman coming from the Girard washery, operated by W. R. McTurk & Co., was shot in the leg and slightly injured. The injured man is James Caparill, an Italian. He had been engaged at work when he had been forbidden by the union and had been warned several times to quit. On his way home he was met on the road by a half dozen unknown men who began to beat him. Caparill ran and as he did so one of the men fired at him. The buckshot hit him in the leg. He managed to walk to a physician's office and after having the shot extracted from his leg he walked to the Lehigh Valley railroad station and boarded a train for Hazleton. Burgess Jones is investigating the assault. During the night several shots were heard in Shenandoah between brigade headquarters and camp. This gave rise to a rumor that camp was again being attacked, but an official investigation proved the rumor to be untrue.

Injunction Made Permanent.

Kittanning, Pa., Aug. 6.—Judge W. D. Patton of Armstrong county, has continued as permanent the preliminary injunction granted by Judge Wallace of Lawrence county on petition of J. C. Beal, Republican candidate for congress in this district against William Little and others representing the United Mine Workers of America and the Monongahelt and Carnegie brass bands restraining them from parading on the streets of Leechburg for the purpose of intimidating miners in the employ of M. J. and J. G. Beal. Judge Patton did not hand down an opinion in the matter simply announcing his decision at the opening of court.

Not a Wheel Turned.

Ironton, O., Aug. 6.—Not a wheel is turning on the Ironton division of the Camden Interstate railway line. A telegram from William Jacobs of the National association, now at Huntington, ordered all cars kept in the barn. The order was obeyed unanimously and the strikers are operating cab lines to accommodate the public. The press is informed by local officers of the company that it will not attempt to operate cars in Ironton until the difficulty across the river is settled.

Did Not Start.

Pottsville, Pa., Aug. 6.—The attempt to start Goodspring colliery was abandoned by the Philadelphia and Reading Coal and Iron company. All the colliers are tightly closed and the ranks of the strikers are unbroken. Company officials do not regard prospects favorable for an early resumption.

Another Dividend.

New York, Aug. 6.—The Standard Oil company has declared a dividend of \$5, payable Sept. 15. The last dividend was \$10 a share, declared on May 6.

SWINDLER CAUGHT.

Lieutenant Coffey Trapped While Passing Bogus Checks.

San Francisco, Aug. 6.—Lieutenant Edgar N. Coffey of New York has been arrested in Oakland, charged with passing a bogus check on the proprietor of a hotel. His arrival at the hotel was preceded by a letter from Portland, Or., purporting to be signed by George W. Melver, captain of the Seventh infantry, United States army, stating that Coffey was a second lieutenant of the company who had been sent south on official business, requesting that his name and business be kept secret and asking the hotel people to cash a check for \$125 which had been given him. The letter was written on official paper and the lieutenant brought with him many apparently genuine credentials. The check was cashed, but suspicions were aroused when a second check was presented by Coffey.

An investigation was made and his arrest followed. Among his effects were found a great number of army official envelopes, large quantities of army stationery, many army transportation blanks, a number of blank checks and an army revolver. At first he strongly protested his innocence, but finally admitted that he was not what he claimed to be, but asserted that it was his first offense against the law. He is a man of fine appearance and good address.

Lost Her Way.

Zinal, Switzerland, Aug. 6.—Miss Whally, an English girl staying at a hotel here, is the survivor of a terrible experience in the mountains. She started alone Saturday to walk to St. Luca and missed her way. She did not return and on Sunday morning a rescuing party was organized. She was found on Monday in the hills 400 yards above Ayer. She had broken her ankle, but had crawled a long distance in spite of the injury. She spent two cold nights in the mountains without food or shelter and suffered greatly, but thanks to a strong constitution she is recovering rapidly.

Habeas Corpus Cases.

Clarksburg, W. Va., Aug. 6.—Judge Goff began the hearing in the habeas corpus proceedings in which striking miners are concerned. Attorneys for miners raised the point that as the injunction was issued in behalf of the Guarantee Trust company of New York and that as the Clarksburg Fuel company was not made party, there was no violation by the agitators as it was the Fuel company's property which they are accused of trespassing upon.

Another Nest of Stars.

Berkeley, Cal., Aug. 6.—Astronomer William J. Husey announces in a bulletin which has been issued by the University of California of 10 pairs of double stars never before catalogued. The discovery with the Mills spectroscopic, of six stars, whose velocities in the line of sight are variable, is made public by Director W. W. Campbell of the Lick observatory.

A Tragic Death.

Shelby, O., Aug. 6.—Holtzy Morse, Shelby's big football center, was cut in two by a freight train and lived an hour. He was conscious for a few minutes and his last words were, "Don't tell my father and mother. I will be all right in a few minutes." He had spent the day with his parents. He was a young man of splendid habits and well liked.

Whole Orphan Asylum.

South Haven, Mich., Aug. 6.—Mr. and Mrs. John Shandrew of South Haven have adopted a whole orphan asylum, 22 children in all. The Sandrows are Methodists without children and have made more than a competence on a fruit farm. The children were sent from the Smith foundling hospital at Minneapolis.

Inspecting the Port.

Pensacola, Fla., Aug. 6.—Rear Admiral Wise, United States navy, has been inspecting the harbor and navy yard here with a view, it is understood, of making this port headquarters for the winter maneuvers of the North Atlantic squadron which will sail under command of Admiral Dewey.

Suicide of Mrs. Pierson.

New York, Aug. 6.—Mrs. Anna V. L. Pierson, widow of Dr. William H. Pierson, said to be the inventor of celluloid, has committed suicide by hanging at her home in Glen Ridge, N. J., owing to continued ill health.

Odd Fellows in Session.

Peoria, Ill., Aug. 6.—The annual meeting of the district grand lodge of the Grand United Order of Odd Fellows, convened here. Nearly 200 delegates were on hand for the opening session and many more are expected. The colored Odd Fellows of Peoria have made elaborate preparations for the entertainment of the delegates.

COLLISION ON WATER.

Two Steamers Come Together With Fatal Results on Lake Erie.

ONE BOAT GOES TO BOTTOM QUICKLY.

Distressing Accident at Midnight Between a Pair of Floating Mounsters, In Which Several Lives Are Lost.

Cleveland, Aug. 6.—As a result of a collision on lake Erie between the steamship City of Venice, ore-laden, and the steamer Seguin, a steel lumber vessel, off Rondeau, Canada, at midnight, the former vessel was sunk and three lives lost while several other persons were more or less seriously injured.

The drowned: Peter Simondson, fireman, Brooklyn; Thomas Flanigan, deckhand, Buffalo; George Weir, watchman, residence unknown.

Injured: John Sullivan, Chicago, confusion of back, will probably die; J. A. McDougall, Cheboygan, Mich., chief engineer City of Venice, arm injured and body badly bruised; Louis Hubecker, Cheboygan, Mich., head and back badly bruised.

The cause of the collision is not known. There was no fog whatever and the night was fairly clear. The lights of the City of Venice were burning brightly. To this the crew and passengers testify, saying they could see the lights on the Venice as she was sinking. The second mate of the Seguin, C. A. Lavigne, who was on watch, refuses absolutely to give any information in regard to the way the accident happened. "The less said about it the better," was the only statement he made.

It was shortly after midnight when the accident happened. The City of Venice laden with 3,600 tons of ore was bound to Buffalo, while the Seguin was going north to Perry sound from Ogdensburg. On board the Seguin all were asleep save the second mate, C. A. Lavigne and the watchman who was with him in the pilot house. The first mate of the Venice, Sullivan, was on watch aboard the boat that went down. How the collision took place cannot be ascertained, as Sullivan is lying in the hospital and Lavigne will not talk. The first that was known that anything had happened was a terrible crash which brought both boats almost to a standstill. The Seguin had struck the Venice fairly amidships and plowed her way half through the boat. The crew and passengers aboard both boats heard a tearing of timbers mingled with calls for help from those already on deck. All those who were sleeping rushed out on deck and there was a frightful panic for a time. The Venice, which had been split in two was sinking rapidly. Captain Broderick of the boat ran on deck in his sleeping robes and immediately called to the men to man the lifeboats. The members of the crew who had not been hurt rushed to his assistance and in five minutes they had the boats in the water. Several of the men fearing that the ship would sink before they had an opportunity to escape, threw themselves overboard. They were later picked up by the lifeboats from the Seguin. The City of Venice went down in very deep water in less than 15 minutes after the collision occurred. After standing by for an hour the Seguin left for Cleveland with the survivors, arriving here early.

The City of Venice was a wooded vessel 301 feet long and 42 feet beam. She was owned by the McGraw Transportation company of Bay City, Mich., and valued at about \$175,000. She was commanded by Captain Broderick.

The Seguin is an iron vessel 207 feet long and 34 feet beam. She is owned by J. B. Miller of Perry Sound, and commanded by Captain J. B. Sims.

Will Erect a Sky-Scraper.

Chicago, Aug. 6.—The business of Schlesinger & Mayer, the State street merchants, has been purchased by a new corporation, headed by Henry Siegel of Siegel, Cooper and company. The new company under the same name, has a capitalization of \$3,000,000 in bonds and \$3,500,000 in stock. The old building at Madison and State streets will be torn down and a 12-story structure will be erected in its place.

To Punish the Shans.

Bangkok, Siam, Aug. 6.—A body of troops numbering 2,000 men has been sent north to punish the Shans, who recently attacked and seized the town of Phrae. The town is now in possession of 600 Shans, who are preparing to resist troops sent against them. The Shans have killed Siamese officials, but have not molested any of the other inhabitants of the town.

THE WEATHER RECORD.

[For the 24 hours ending at 6:30 a. m.]
State of weather.....Cloudy
Highest temperature.....87
Lowest temperature.....67
Mean temperature.....77
Wind direction.....Southerly
Precipitation (inches) rain......12
Previously reported for August......23
Total for August, to date......35
Avg. 6th, 10:23 a. m.—Fair to-night and Thursday.
Cooler to-night.

The number of Federal pensioners on July 1st was 999,446, as against 997,735 last year. Commissioner Ware says that legislation enacted by the last Congress will result in an increase of at least 10,000 new pensioners. The pension list seems to increase with the increasing years.

The government paid \$650,000 for the transport Grant shortly after the Spanish-American war broke out. The other day Uncle Sam sold the Grant for \$51,000, and it was in better shape when sold than when purchased. What the plunderers and rascals did to the government during that war was more than a plenty. There must have been connivance on the part of some officials to allow such a job as the one mentioned above to go through. The people of course foot the bill.

"THE MOTHER OF ALL TRUSTS."

Here's another highly interesting extract from the testimony of Henry O. Havemeyer before the United States Industrial Commission:

"The mother of all trusts is the customs tariff bill. The existing bill and the preceding ones have been the occasion of the formation of all the large trusts, with very few exceptions, inasmuch as they provide for an inordinate protection to all the interests of the country, sugar refining excepted. Economic advantages incident to the consolidation of large interests in the same line of business are a great incentive to their formation, but these bear a very insignificant proportion to the advantages granted in the way of protection under the customs tariff.

There probably is not an industry that requires a protection of more than 10 per cent. ad valorem, and it is to obtain what is provided over such percentage in the tariff that leads to the formation of what are commonly spoken of as 'trusts.'

With a protection to an industry not exceeding 10 per cent, all menace to the community from trusts would cease. This 10 per cent. would represent the cost of production, and likewise act as a protection against surplus products of foreign countries being dumped into our local markets, thereby interfering with the regular and economic working of our industries. Any advantage that might then accrue to such combinations they would be fully entitled to, and the public would not be damaged thereby as any expansion of price would be met by foreign competition and relief."

HERE AND THERE.

Items of Interest From Nearby Towns and Villages Contributed by the Bulletin's Corps of Correspondents.

WEDONIA, Aug. 5.—Quite a crowd from here attended camp meeting at Park's Hill and Ruggles.

Rev. Eugene Clarkson was the guest of Mrs. Cook and Mrs. Goodman Saturday and Sunday. Miss Mollie Chanler and Miss Mary Cook King, of near Covington, are the guests of Miss Mary King.

Rev. J. B. Jones, former pastor of Mill Creek Church, is conducting a meeting at Athens, Fayette County. There were thirteen additions at last accounts.

The many friends of Mrs. Hattie Hord Jones will be glad to know her health is greatly improved since her stay at Battle Creek, Michigan. Mrs. Alice Harrison, Prof. and Miss Allie Lee King have returned from Ruggles where they attended the meeting.

The protracted meeting at Mill Creek will begin the 29th day of August, conducted by Rev. Eugene Clarkson and Rev. George W. Kemper, of Midway.

Miss Orra Bateman visited friends here last week.

A barn belonging to John E. Cord was struck by lightning Sunday night during the storm. A lot of hay and machinery was in the barn and burned.

Mrs. Dick Lindsay and daughters are visiting Mr. and Mrs. Alex. Calvert.

Birth-marks which mark and mark the outside of the body are a grief to every mother whose children may bear them. But for every child who bears a birth-mark on the skin there are many who bear an indelible birth-mark on the mind. Nervous mothers have nervous children and many a man and woman owes an irritable and despondent temperament to those days of dread when the mother waited the hour of her maternity. The use of Dr. Pierce's Favorite Prescription strengthens the mother for her trial. With strength comes a buoyancy of spirits and quietness of mind, which is one of the happiest gifts a mother can bestow on her offspring. By giving vigor and elasticity to the delicate womanly organs "Favorite Prescription" practically does away with the pain of maternity and makes the baby's advent as natural and as simple as the blossoming of a flower. There is no opium, cocaine or other narcotic contained in "Favorite Prescription."

Do everything with cheerfulness and politeness of a true gentleman.

GOODBYE PRICES!

We shut our eyes to the beauty of these dainty Lawns, because we know it is better to sell at a loss than to hold them at any price. We haven't another day to keep them but you have weeks in fact two full months to wear them. It's a shame to price beautiful Lawns so low—and every yard new this season. When we say Lawns the term is comprehensive including Batiste Tissues, Plain and Corded Dimities, Madras Grenadines, India Swisses, Chambray Gauzes and American Organdies.

D. HUNT & SON

KENTUCKY CROPS.

Corn and Tobacco Have Suffered From Dry Weather in Some Sections of the State.

[Weekly Bulletin of Weather Bureau, Aug. 5th.]

Local rains, with hot, sunny weather, have greatly benefited crops in some sections, but the drouth continues severe in many localities, so that crop conditions and prospects are very diversified.

Corn has improved in many localities in the southern and western counties, where the drouth was most severe; but the rains which caused this improvement were very scattered and many fields are seriously damaged by drouth, especially early corn on uplands. In the north-central and most of the eastern counties corn continues to do well, but the need of rain is beginning to be felt.

The average condition of the tobacco crop is not good. In the western counties it had a very poor start and the dry weather has kept it backward and caused considerable firing. It is doing fairly well in the northeastern counties and the Bluegrass Region, but is hardly up to the average. There is not much complaint of worms.

Pastures and meadows need rain badly; the late showers were not sufficient to give much growth.

Gardens and minor crops have improved where there has been enough rain to help them; some gardens are badly burned. Melons, stock peas and sorghum have suffered.

Fruit prospects are very unfavorable. Apples have nearly all dropped and some grapes are rotting.

Farm work is well up. Plowing for wheat progressed where there was sufficient rain.

The Kentucky Sunday School Association holds its annual convention at Hopkinsville August 19-20-21. The railroads have granted one fare for the round trip, and an exceedingly strong and attractive program has been gotten out. Such noted workers as Mr. Marion Lawrence, International General Secretary, Dr. H. M. Hamill, of Nashville, Dr. A. L. Phillips, of Richmond, Va., Dr. Barris A. Jenkins, President of Kentucky University, and Dr. G. W. Biggs have accepted places on the program. The music is to be conducted by Mr. Robert M. Hopkins, assisted by the Somerset Orchestra and the Henderson Male Quartet.

Each Sunday school in Mason County is entitled to one delegate. The county is entitled to ten delegates at large, and the following have been appointed: Geo. Taylor, J. S. Asbury, W. R. Chandler, John W. Bramel, M. F. Marsh, E. Swift, J. S. Wilson, C. C. Coburn, C. N. Boinger, I. M. Lane. This will be a grand meeting of Sunday school workers, and County President Duley urges all the above delegates to attend.

Advertised Letters.

The following is a list of letters remaining in the postoffice at Maysville, Mason County, Ky., for the week ending Wednesday, August 6, 1902:

S. J. Buer, Perkins, Miss Mayme Rice, Gains Razor, John Riley Sprumberg, Henry Shelton, Miss Marguerite Smith, Mrs. Sarah Talbot, Mrs. R. G. Wilson, Miss Ella

Persons calling for any of the above will please say advertised.

CLARENCE MATHEWS, P. M.

Deputy County Clerk Bernard Pollitt remains quite ill with fever.

Mrs. Harover, of Minneapolis, whose serious illness has been mentioned, was better at last accounts.

Mrs. A. Kilgore will entertain the children of the Washington Presbyterian Sunday school with an ice cream party shortly.

The Courier-Journal contained a handsome cut, Tuesday, of Dr. John M. Frazee, Mason County's candidate for State Commissioner of Agriculture.

Robert C. Tucker, the Paris dry goods merchant who figured in a sensational episode some days ago for mistreating his wife, assigned Monday to Claude M. Thomas.

In no other way short of a personal visit to the village of Ober-Ammergau at the time of the stupendous enactment of the Passion Play, can so lasting a realization of the crucifixion of Christ be made. The Passion Play will be pictured at the Christian Church Tuesday evening, Aug. 12th. Admission 20 and 10 cents.

The Waco Mining and Manufacturing Company has been organized at Lexington, with capital stock of \$60,000, by L. E. Pearce, President; Chas. J. Norwood, Vice President; P. Dickey, Secretary, and W. P. Talbot, of Paris, Ky., Treasurer. The company has purchased C. L. Searcy's brick, tile and terra cotta plant at Waco, and will enlarge same, introducing the manufacture of additional clay pottery.

Paris Gazette: "Down at Maysville the Elks are preparing for the grandest fair ever seen in the agricultural district of Kentucky. It is to be opened Aug. 20th with a parade of ever changing panoramic views, and will probably be two miles in length. The fair is of but four days duration, but it will afford enough attractions to last through a whole year. The Maysville Elks are among the liveliest of the antlered herd, and what they won't do in a lawful way to entertain the great public has not been put down in the books."

Right Paris Green.

It's a waste of time and money to use poor Paris Green on your tobacco plants. We are particular about this article. We handle a brand that we know to be absolutely pure and reliable. It goes farther and does more than the ordinary kinds and it costs you no more than the inferior grades. Large buying and close selling makes it possible for us to sell a better Paris Green for the same price as the poor kind.

BLOWERS.

A large line of them at right prices. Most economical way of applying Paris Green.

THOS. J. CHENOWETH,

DRUGGIST,

Cor. Second and Sutton Streets, Maysville, Ky.

If You Will Take Time to Look

In our Clothing Window you will see Suits that will attract in quality, style and particularly "in price." If you see nothing in the window that strikes you you'll find hundreds of Suits in stock to look over. Prices equally as attractive as the Suits in the window.

To the casual observer it may seem marvelous that we sell so many Men and Boys' Shoes, having only been in the Shoe business a short time. Nothing to wonder at all. The experience in our Clothing business taught us that our people want good Shoes as well as good Clothing, hence when we embarked in the Shoe trade we bought Shoes like we buy Clothing, "THE BEST THAT ARE MADE."

No phenomenal cheap Shoes, but the kind that the money or another pair back, if the pair you bought do not give reasonable satisfaction.

To clean up our Straw Hats we offer them at just half price.

D. HECHINGER & CO.,

MERZ BROS

PROPRIETORS BEE HIVE.

KINGS OF LOW PRICES.

BOARD OF EDUCATION.

Business Transacted at Last Evening's Meeting of the School Trustees.

At the meeting of the Board of Education last evening, the question of the assignment of teachers was left in the hands of the Committee on Districts and Teachers, with power to act. The committee was also authorized to provide a room in District No. 1 for intermediate department.

The question of providing a room in Sixth ward for colored schools was referred to the Property Committee.

The district boundaries were left same as heretofore.

The Committee on Rules and Regulations was directed to confer with teachers, and decide whether one or two sessions should be held daily in High School.

Miss Nannie Wood, one of the colored teachers, had failed to pass required examination. She was granted another examination.

The Blood Hounds.

If the people of this city and county who are troubled by thieves will notify Mr. N. Gollenstein, as soon as possible after the theft has been committed, the blood hounds in his care can be used without cost for running down the culprits. By landing a few it would have a tendency to break up the petty thieving going on. The hounds are well trained, and Mr. Gollenstein is anxious to give them a test. But send for them as soon as possible after the theft.

Mr. Ira Barnett, of Louisville, arrived here last evening on an automobile, and was a guest at the Central.

Little Boyd Aikman remains dangerously ill.

Mr. J. P. Marshall is sick at his home in the county.

Six producing wells were sunk in the Knox oil fields last week.

Real estate, loans and collections—John J. O'Donnell, 216 Court street.

Mr. R. M. Wallingford's little son is suffering from a broken arm, as a result of falling off a pony.

Get your stock ready for the German town fair August 27th-30th. Write John R. Walton, Secretary, for premium list.

More attractions are offered at the Maysville Elks fair, August 20-23, than by a circus. So come and see us and enjoy yourself.

Mr. B. W. Goodman has rented the building adjoining Omar Dodson's on East Second for his wholesale whisky house, soon to be opened.

The Maysville ball team will play at Georgetown, O., to-morrow. Anyone wishing to go to Georgetown with the team can get a rate of \$1 for round trip.

Portsmouth people thought the C. and O.'s new schedule was just right when it went into effect, but they are making a kick now and want it changed. They find it helps other cities a little more than Portsmouth.

O. H. P. Thomas & Co., Nos. 120 and 122 Market street, Maysville, Ky., sell Old Time Bourbon and Maysville Club Rye, direct from the distillery, by the quart, gallon or barrel; the finest in the State; guaranteed pure and as represented as to age. THE H. E. POGUE DISTILLERY CO.

THE THOMAS CASE.

Suit Filed Tuesday to Enforce Payment of the Judgment—General Attachment Issued.

In the Mason Circuit Court Tuesday the administrator of Isaac Thomas filed suit to enforce the payment of the judgment he recovered June 19th, 1902 against the Maysville Gas Company for \$5,000 damages, for the death of young Thomas, the execution having been returned, "no property found."

The Bank of Maysville, the Maysville Street Railroad and Transfer Company, the Citizens Gas Light Company, the city of Maysville and J. F. Barbour, trustee, were made defendants, the petition alleging that all the co-defendants, except the last named, are indebted to the gas company in various sums of money, and that Mr. Barbour as trustee holds for the gas company money, bonds, securities and other property. The petition further alleges that the gas company has large sums owing it by many persons and corporations of the city, the names and amounts not being known to plaintiff.

The plaintiff asked for a general attachment against the company, and that it be required to disclose what property it has and what sums are due it and by whom, and that the property and money be applied to the payment of the judgment.

The attachment was issued. Judge Phister and Cole & Son are attorneys for plaintiff.

ADAMS EXPRESS COMPANY.

Suit Filed Against it by State Auditor's Agent Watson to Recover Franchise Taxes.

State Auditor's Agent F. Stanley Watson, by his attorneys, Cole & Son, filed suit in the County Court Tuesday against the Adams Express Company, praying that the court make preliminary valuation of the company's franchise to be reported to the State Board of Valuation and Assessment for appropriate action.

The petition alleges that the company has continuously since 1895 operated and done an express business in the State of Kentucky; that the value of its corporate franchise is \$1,463,040; that the company has done business and exercised its franchise in Mason County; that the company has failed and refused to report the value of its corporate franchise to the State Board of Valuation and Assessment since 1895 and that the company is liable for franchise taxes for years 1896 to 1902, inclusive.

The matter has been in the courts once before and in 1895 an injunction sued out by the company to prevent the prosecution of a suit to recover such taxes was dismissed, but for some reason the litigation at that time was dropped.

Our watches are not equalled anywhere for price. All our watches are warranted good time-keepers. See us for diamond bargains; our stock is the largest and best. Sterling silver spoons, knives, forks, ladles, etc., low prices.

MURPHY, the jeweler.

Good BREAD

Makes good blood and muscle, and causes the housewife great pleasure at her success in the culinary art. Good bread, moist and sweet, can be made by using

Top Notch and Admiral FLOUR,

Our own brands. No one else has it, but that does not cause us to run a trust on it like others try to do. Rich and poor can buy it at \$4.20 PER BARREL.

Fifty-four cents per twenty-four-pound sack. Hundreds are praising these brands of flour. Our trade on these has increased 60 per cent. in the last month. Try one sack. You will like it and take a barrel.

Two thousand, four hundred best Parlor Matches for 9c.

Banner Bread (the best in town) 4c. per loaf—(the bakers, of course, ask you 5c.)

Fresh Gum Drops, 5c. per pound.

Ten big bargains this week. Big bargains all the time.

THE LANGDON-CREASY CO.

T. J. DINEEN, Manager.

Fine Rains Assure Good Crops

And a bountiful harvest provides full bins. Successful farming depends a great deal on substantial fences—and the weather. The greatest yields are produced on land that is made stock-proof. Prosperous farmers, being quick to recognize an article of real merit, are satisfied only with the best—

The American Woven Wire Field Fence.

As an all-purpose fence it has no equal in the world. Made of large, strong, high grade steel wires, heavily galvanized, it is practically everlasting, never goes wrong and will stand any strain that is likely to be put upon it. When marketing your grain, bring the wagon around and load up with the "American."

The Frank Owens Hardware Company.

Weather Prediction for Maysville and Vicinity—Fair and Cooler To-morrow.

Jesse Hurst, aged sixty, and of unsound mind, committed suicide at his farm near Sandford, Fleming County, by hanging himself to a rafter in his barn. He leaves a family.

The report being circulated in regard to the charge of admission to Park's Hill camp meeting being 50 cents is untrue. The admission, as usual, is 25 cents.

P. Gantley, the grocer, has moved his stock of groceries from East Fourth to Plum street. The best that the markets afford on hand at all times. Orders solicited.

J. T. Lyons has been appointed overseer of road No. 5, Orangeburg district, in place of William Stubblefield who has moved out of the district.

Sam Turner, of Mt. Sterling, was probably fatally injured by jumping in the dark from an excursion train at Brent. The train was crossing a trestle, and Turner fell to the bed of a creek forty feet below.

Rev. Dr. John Barbour will conduct prayer meeting at the First Presbyterian Church this evening at 7:30 o'clock.
